The Creating Outdoor Recreation Economies (CORE) program is made possible by a U.S. Economic Development Administration State Tourism Grant which awarded $6 Million to the State of North Carolina’s Supporting and Strengthening Resiliency in North Carolina’s Travel, Tourism, and Outdoor Recreation Sectors Initiative. As a component of this Initiative, the North Carolina Department of Commerce’s Rural Economic Development Division (REDD) developed the CORE program. The CORE program offers strategic planning and technical assistance to help rural communities leverage North Carolina’s abundant outdoor recreation assets to bolster local economic vitality.

The REDD announced the technical assistance program offering Outdoor Recreation Economy Strategic Planning and Asset Development services in late 2022. Communities from across the state applied to engage with strategic planning services and 34 local governments were accepted to participate. Main Street & Rural Planning staff, who is responsible for facilitating strategic economic development planning and implementation services, worked with local government staff to communicate the goals of the program, identify local opportunities, and assemble a planning work group.
Executive Summary

Through the CORE program, the Town of Valdese collaborated with Rural Economic Development Division staff and local stakeholders through a strategic planning process to identify and develop outdoor recreation assets that present economic growth opportunities. Strategy development focuses on leveraging outdoor recreation assets to increase tourism, encourage small business development, enhance quality of life for residents, plan for outdoor recreation asset and infrastructure development, and position communities to grow and attract outdoor gear manufacturing industries. The planning process is tailored to meet the specific needs, goals, and opportunities that are identified by local leaders and stakeholders.

The plan makes recommendations on Strategies, Goals, Objectives, and Actions that local stakeholders can take to help increase economic vitality through leveraging their community’s outdoor recreation assets.

The plan makes a total of 29 recommendations under 3 priority areas. These priority areas, identified by the local work group, include:

1. **Parks, Trails, and Facilities**: To provide and maintain a variety of recreation amenities that improve quality of life and encourage a sense of community for residents and visitors.
2. **Communication and Activation**: Promote and educate residents and visitors about the community’s recreation amenities.
3. **Economic Impacts**: Utilize the community’s outdoor assets to improve the downtown, local and regional economies.

These recommendations should serve as guideposts for the Town of Valdese as it considers future development efforts and should work in collaboration with other planning efforts undertaken by the town and related jurisdictions.
Background

Economic Impact

Outdoor recreation activity and associated expenditures generate a large economic impact. This is a broad economic sector that comprises a diverse range of industries including manufacturing, retail, arts, entertainment, and recreation, as well as many supporting activities such as construction, travel and tourism, accommodation and food service, and many more.

Nationwide, in 2021 the outdoor recreation economy represented $454.0 billion in current-dollar gross domestic product (GDP), or 1.9 percent of the United States' total GDP. The outdoor recreation sector of the economy is growing at a faster rate than the overall economy. In 2021, “Inflation-adjusted ("real") GDP for the outdoor recreation economy increased 18.9 percent in 2021, compared with a 5.9 percent increase for the overall U.S. economy, reflecting a rebound in outdoor recreation after the decrease of 21.6 percent in 2020. Real gross output for the outdoor recreation economy increased 21.7 percent, while outdoor recreation compensation increased 16.2 percent and employment increased 13.1 percent.” Employment in the outdoor recreation industry increased in all 50 states during 2021.1

In 2021 outdoor recreation contributed $11,836,649,000 in total value-added economic impact to North Carolina’s GDP. North Carolina ranked as the 11th highest state in “Value-Added Outdoor Recreation in Total outdoor recreation activities” in 2021. This included employment for over 130,000 individuals that resulted in over $5.9 Billion in total compensation. Employment in key industries within the outdoor recreation sector includes over 8,000 in manufacturing, 44,000 in retail, 27,000 in accommodation and food service, and over 23,000 in arts, entertainment, and recreation.2

Outdoor Recreation Participation

According to the 2022 Outdoor Industry Association ‘Outdoor Participation Trends Report’, “outdoor participation continues to grow at record levels. More than half (54%) of Americans ages 6 and over participated in at least one outdoor activity in 2021, and the outdoor recreation participant base grew 2.2% in 2021 to 164.2M participants. This growing number of outdoor participants, however, did not fundamentally alter long-term declines in high frequency or ‘core’ outdoor participation.”3

Studies show that approximately 56% of North Carolinians participate in some form of outdoor recreation each year. This includes more than 22.8 million visitors to North Carolina

State Parks in 2021 — three million more than any other year on record. Many other public parks, national forests, and other recreation areas report increased visitation as well. These numbers represent a solid base of individuals participating in outdoor recreation and contributing to the associated economic opportunities.

There is still room to engage more individuals and continue to increase participation in outdoor recreation, particularly among demographic populations that have not historically participated in outdoor recreation at levels comparable to others.

Also, people increasingly want outdoor recreation opportunities that are convenient to where they live so they can participate on a regular basis without the need to travel long distances to visit recreation destinations outside of their home communities.
Existing Plans Review

In preparation for the Town of Valdese CORE project, NC Commerce staff requested that project leads share any other relevant plans or documents for review. The following documents were reviewed and considered during the CORE planning process.

Comprehensive Economic Development Strategy
The Town of Valdese is located within the Western Piedmont Council of Governments (WPCOG) Economic Development District (EDD). The WPCOG EDD’s 2022 Comprehensive Economic Development Strategy (CEDS) indicated that existing outdoor amenities are an opportunity for the region. Under Infrastructure Strategy 5, the plan states the intent to “Promote water and air quality initiatives, erosion mitigation, contaminants and management of water resources to protect drinking water sources, support the outdoor economy, and encourage climate resiliency.” Further, the plan includes strategies to improve and expand the bicycle and pedestrian network in the region, promote and market regional attractions and natural resources, promote healthy living initiatives, create robust downtowns, support small business development, and assist partners with expanding and recruiting businesses in the region.

Comprehensive Parks and Recreation Plan
The Town of Valdese completed and adopted a Comprehensive Parks and Recreation Plan in April 2013 with assistance from the WPCOG. This plan looked at traditional parks and recreation programs and facilities in the town and made recommendations for needed updates and improvements. Public input into new and existing services was taken into consideration via a community survey and working sessions with the Town of Valdese Parks and Recreation Commission. The plan also made recommendations for future parks facilities including a downtown park and a park along Lake Rhodhiss.

Comprehensive Pedestrian Plan
In 2018, the Towns of Valdese and Rutherford College jointly received funding and assistance from the North Carolina Department of Transportation (NCDOT) to create a comprehensive pedestrian plan for people who walk in Rutherford College and Valdese (WalkRCV). This plan considered how the two towns could become “walkable communities with connected sidewalks and off-road pathways that allow their citizens safe, pedestrian access within and between the towns.” The plan took into account public opinion through use of a steering committee, public meetings and outreach, and a public input survey. The plan reviewed existing sidewalks and greenways, traffic patterns and safety data, and local ordinances to make recommendations for additional connections and walkways.
Valdese Lakeside Park Master Plan

In 2018, the Town of Valdese secured public and private funding to acquire a 302 acre tract of land along Lake Rhodhiss in order to develop a regional park with lake access. This purchase fulfilled a goal set out by the 2013 Comprehensive Parks and Recreation Plan. The town then engaged the firm Destination by Design (DBD) of Boone to create a masterplan for the park project. The plan was completed in three phases with broad community input. Ultimately, DBD developed a variety of recommendations for park activities, design, and implementation that included lake access for kayaking, canoeing, and fishing, hiking and mountain biking trails, open green space for community gathering, and more. The plan was completed in March 2019.

Additionally, Friends of Valdese Rec published the Valdese Lakeside Park Economic Impact Report in May 2023. This report detailed the estimated the annual number of visitors to the park as well as the impacts of spending directly related to these visitors.
Setting

The Town of Valdese (pop. 4,689) is located in eastern Burke County. The town sits approximately 7.6 miles to the east of the City of Morganton (pop. 17,474) and 13.8 miles to the west of the City of Hickory (pop. 43,490). US Highway 70 runs east and west through downtown Valdese and serves as the community’s Main Street. Additionally, Interstate 40 runs along the southern edge of the town.

The community boasts proximity to a variety of outdoor assets, the most significant of which may be Lake Rhodhiss which runs for several miles along the northern border of the town. The town-owned, 302-acre Valdese Lakeside Park provides access to the lake for fishing and will soon include a canoe and kayak put-in as well. The park also offers a variety of other activities including hiking and biking trails, a story walk for children, a dog park, and more. Other river access for boating and fishing activities can be found just outside the town boundary at the Castle Bridge and Huffman Bridge access areas.

Valdese is also a crossroads for several planned state and regional trails. The Burke River Trail has some sections completed and will ultimately connect the City of Morganton to the smaller municipalities of Drexel, Valdese, Rutherford College, Connelly Springs, and Hildebran in eastern Burke County.

The planned 300 mile Wilderness Gateway State Trail will also connect directly through the Town of Valdese. This trail is planned to extend through five counties from Buncombe County to Catawba County. It will include access to the South Mountains State Park and Game Lands, the Catawba River, and a variety of other outdoor assets for hiking, biking, horseback riding, and river-based activities. These trails will link Valdese to a network of other state and national trails both planned and existing in the region.4

Planning Process

Beginning in February 2023, NC Department of Commerce staff met with the Town of Valdese CORE work group for a series of discussion sessions which included topics on local outdoor recreation experiences, small business and entrepreneurship, and the outdoor industry. All meetings were held in-person at Valdese Town Hall.

The Town of Valdese CORE project sought to identify economic drivers in the community related to outdoor recreation and to create a blueprint for economic growth through the development of the town’s outdoor assets and experiences.

During the planning process, the work group identified three primary focus areas with associated goals, objectives, and actions to be taken to continue moving the outdoor economy in Valdese forward.

Throughout the planning process, NC Commerce staff also completed a survey of the work group members, a community-wide outdoor recreation survey, interviews of community stakeholders, demographic and economic data analysis, and a review of prior economic development and outdoor recreation plans for the region.

A full outline of the work group meetings can be seen in the table below.

**Town of Valdese CORE Work Group Meetings**

  • Developing Goals for the Work Plan |
| May 8, 2023      | Meeting #4:  
  • Developing Objectives and Actions for the Work Plan  
  • Identifying Potential Projects |
Work Group Survey
Prior to the first project meeting, the Town of Valdese CORE work group was asked to complete the Primary Planning Group Initial Questionnaire. This survey was designed by the NC Commerce team to identify the priorities and opinions of the local work group. Results of the survey were shared at the first meeting to encourage and guide the initial discussion.

Community Survey
A community-wide survey was conducted as a part of the planning process to gauge community interest in outdoor recreation, opinions of existing and potential outdoor and business assets, economic impacts of outdoor recreation, and local opinions of tourism and community development. The results of this survey were summarized and shared with the local work group at the second meeting.

Stakeholder Interviews
The local project leads provided NC Commerce staff with a list of additional community stakeholders who they felt could positively contribute to the planning project. These individuals represented outdoor recreation participants, local business owners, parks and recreation experts, the faith community, and other fields. NC Commerce staff contacted these individuals and held one-on-one phone conversations to better understand ways in which the town may support growing the outdoor economy. A summary of these conversations was presented to the work group at the third meeting.

Additional Research
Along with the methods listed above, the technical team identified and reviewed a variety of demographic and market data sources that were used to influence the final recommendations of this report. A Retail Marketplace Snapshot completed by NC Main Street & Rural Planning staff is attached as an appendix to this document.

Plan Review & Adoption
A draft of this document was produced in June 2023 and shared with the Town of Valdese CORE project local leads for review and comment. Following review, the Valdese Town Council adopted the plan on July 10, 2023.
Vision Statement

Situated along the Catawba River valley, the Town of Valdese offers true small town charm while highlighting the rich culture of its Waldensian heritage. The community blends traditional and nature-based recreation in a unique way and makes available a wide range of activities and experiences. By leveraging its recreation assets, the Town strives to provide a strong sense of community and quality of life amenities for residents and visitors that help to attract, retain, and bolster local businesses and generate positive economic impacts.
Analysis & Recommendations

Parks, Trails, and Facilities

Goal 1: To provide and maintain a variety of recreation amenities that improve quality of life and encourage a sense of community for residents and visitors.

Objective 1.1: Update the Town’s Parks & Recreation Comprehensive Plan.

Recommendation 1.1.1: Advocate to the Town Manager and Town Council for the Plan to be updated.

Recommendation 1.1.2: Research options for planning services and funding opportunities.

Recommendation 1.1.3: Assess and prioritize current recreation facilities for needed updates and improvements.

Recommendation 1.1.4: Identify a centralized area for storage of Friends of Valdese Rec volunteer materials and Parks and Recreation materials at Parks and Recreation facilities.

Objective 1.2: Complete the relevant actions for the Valdese Lakeside Park Masterplan.

Recommendation 1.2.1: Continue to work towards the development of the pavilion and mountain bike trails.

Recommendation 1.2.2: Identify a new location for the disc golf course.

Recommendation 1.2.3: Begin work on the overflow parking area.

Objective 1.3: Advocate for and facilitate progress of state and regional trail projects.

Recommendation 1.3.1: Continue partnership with Foothills Conservancy through regular meetings and communication regarding Wilderness Gateway State Trail.

Recommendation 1.3.2: Continue partnership with Western Piedmont Council of Governments through regular meetings and communication regarding Burke River Trail.

Recommendation 1.3.3: Communicate, educate, and promote trail network progress and potential economic impacts with the general public.
Communication and Activation

**Goal 2:** Promote and educate residents and visitors about the community’s recreation amenities.

**Objective 2.1:** Develop a marketing plan for the Parks & Recreation Department.

Recommendation 2.1.1: Communicate with the local business community about Parks and Recreation events, programs, and facilities.

Recommendation 2.1.2: Collaborate with Community Affairs Director on a social media marketing strategy for the Parks and Recreation Department.

Recommendation 2.1.3: Develop promotional materials highlighting Valdese parks and businesses to be distributed to hotels, visitor centers, and other businesses in the Hickory-Lenoir-Morganton metro area.

Recommendation 2.1.4: Utilize VisitNC’s promotional tools and research requirements for designation as a Trail Town as a part of their OutdoorNC initiative.

**Objective 2.2:** Encourage new and repeat participants at Parks and Recreation facilities.

Recommendation 2.2.1: Host demo days and programming at Parks and Recreation facilities to help educate locals and bring new visitors to available activities and amenities.

Recommendation 2.2.2: Develop ready-made marketing materials to share at Parks and Recreation events as well as other town festivals and events.

Recommendation 2.2.3: Host additional music, arts, and other events such as a food truck rodeo at Valdese Lakeside Park to increase visibility and create the reputation of the park as a hub for a variety of activities.

**Objective 2.3:** Develop a community culture that supports the outdoor recreation economy.

Recommendation 2.3.1: Identify additional opportunities for volunteer programs, such as a volunteer park ranger program, through Friends of the Valdese Rec.

Recommendation 2.3.2: Develop an annual event to spotlight key volunteers and accomplishments.

Recommendation 2.3.3: Continue partnerships with the Burke County School System to engage youth in outdoor activities through clubs and other extracurricular activities.
Recommendation 2.3.4: Continue the cleanup project on Lovelady Road in partnership with the Heritage Middle and Draughn High School Interact Clubs and other community volunteers.

Economic Impacts

**Goal 3:** Utilize the community’s outdoor assets to improve the downtown, local, and regional economies.

**Objective 3.1:** Connect the town parks and outdoor assets to the downtown commercial district via sidewalks, greenways, and other methods.

Recommendation 3.1.1: Identify opportunities for a trolley or shuttle service to transport patrons from parks facilities to the downtown commercial district.

Recommendation 3.1.2: Prioritize completing the sidewalk loop between Laurel Street and Church Street.

Recommendation 3.1.3: Prioritize development of planning and design for town-wide wayfinding signage including gateway signage at main entryways.

**Objective 3.2:** Capture and analyze the economic impacts of current and future recreation assets.

Recommendation 3.2.1: Collaborate with local, regional, and state economic development organizations, such as Burke Tourism Development Authority, to better understand visitor impacts in Valdese and Burke County.

Recommendation 3.2.2: Conduct intercept surveys at Valdese Lakeside Park and other Town facilities to better understand park use and economic impacts.

Recommendation 3.2.3: Continue partnership with Burke County Building Outdoor Communities project and collaborate on county-wide and regional recreation projects where applicable.

**Objective 3.3:** Utilize the Town’s quality of life amenities and economic impact data for business recruitment efforts.

Recommendation 3.3.1: Collaborate with local economic development partners, such as Burke Development, Inc., the Burke County Small Business Center, and others, to encourage entrepreneurship and business development around needed outdoor recreation amenities, such as bicycle rentals, kayak and canoe rentals, and other opportunities.
Recommendation 3.3.2: Encourage existing businesses to take advantage of outdoor recreation assets through education and communication.
Appendix I

Town of Valdese Asset Mapping
The following maps highlight outdoor recreation assets and related businesses in the Town of Valdese. A community-wide map was created along with a magnification of the downtown district where a number of businesses are clustered.
Appendix II

Town of Valdese CORE Community Survey
As a part of the CORE process, a survey was conducted to determine the opinions of Valdese citizens and workers on outdoor recreation and associated economic impacts in the community.
OUTDOOR RECREATION COMMUNITY SURVEY

Town of Valdese Retail Marketplace Snapshot
NC Main Street and Rural Planning Center staff developed a Retail Marketplace Snapshot by analyzing data within a 5-mile radius of the downtown.
Downtown Valdese Retail Marketplace Snapshot
April 2023

The purpose of this report is to give the Town of Valdese the baseline information for a better understanding of its current market. The NC Main Street & Rural Planning Center Staff studied the retail marketplace date within a 5-mile radius of the downtown area. The retail leakage analysis examines the quantitative aspects of the retail opportunities.

By reviewing the retail gap, we can:

- Understand how well the retail needs of residents are being met.
- Uncover unmet demand and possible opportunities.
- Understand the strengths and weaknesses of the local retail sector.

When consumers spend their dollars outside the specific radius of Valdese this is known as “Retail Gap” throughout this report. Retail Gap or leakage indicates an unmet demand in the trade area. This suggests the possibility the community can support additional retail for those business categories. Residents within the specified primary trade areas are purchasing products outside that area indicating opportunity to capture those dollars within the downtown district.

There are also categories for which Downtown Valdese is exceeding the local market demand. Those are measured as red numbers on the below report. For the 5-mile radius information, this means that Downtown Valdese is exceeding its market potential in these categories. This retail
surplus means the community’s trade area is capturing local market plus attracting non-local shoppers. Surplus means the community has possibly developed strong clusters of retail that have broad geographical appeal.

You can also seek additional retail market data that Burke Partnership for Economic Development or the Western Piedmont Council of Government can provide. This report is based on the data collected and should serve as a starting point for your economic vitality efforts.

We highly encourage you to couple this report with consumer surveys to get a complete understanding of the Downtown Valdese potential. The NC Main Street & Rural Planning Center can share examples of consumer surveys and assist with this process as needed.

The above Town of Valdese map outlines a trade area within a 5-mile radius to downtown. Defining the trade area is critical in determining retail opportunities for the downtown market. The NC Main Street & Rural Center staff only reviewed the data within this segment.

The goal is to capture the retail sales volume leaking to neighboring communities, such as Morganton. The chart below shows total industry summaries for the 5-mile radius around downtown. It details the total retail sales gap, potential 10% capture, and retail square footage needed to attract this sales volume.

The sales per square foot column in the charts is the average number based on recent research across the state. Typically, restaurant annual retail sales are higher than $300 per square foot. There are variables that impact this number such as building owned versus rented, rental rates either higher or lower as well as overall expenses, such as employee wages, insurance, utilities, etc. Surplus is shown as a red number and retail gap is shown as a black number.

</tr>
</tbody>
</table>

Note: The compound annual growth rate (CAGR) is the annualized average rate of revenue growth between two given years, assuming growth takes place at an exponentially compounded rate. The most important factor in both charts is the amount of projected growth per category.
• $55,822 Median Household Income (Source: Claritas 5-mile radius 2023)
  o $50,000-$74,999 is the largest income segment
  o 54.6% of residents earn $50,000 and above.

• 2,762 people travel to Valdese daily and 185 live and work within the community.
  o 2,947 total daytime worker population—the equivalent of 63% of Valdese population. (Source: U.S. Census On the Map for Valdese)
• The graph above shows the occupation segments compared to the benchmark U.S. average. (Source: Claritas 5-mile radius 2023)

(Source: Claritas 5-mile radius 2023)

The above graphs reveal the population by age and marital status of those living within 5 miles of Valdese.

The above data can be used to help recruit businesses to Downtown Valdese to meet the unmet potential and reduce the retail gap or leakage. The priorities are to first retain, then expand and finally to recruit new businesses. The categories that show the most potential should be focused
within the 5-mile radius of downtown. This data can help existing businesses realize there may be potential to expand to capture additional retail sales.

**Tapestry Segmentation by ESRI On-Line Business Analyst**

We find that studying the Tapestry Segments helps to identify a retail mix based on demographics that could enhance the shopping experience. Tapestry Segmentations provide detailed descriptions of America’s neighborhoods. U.S. residential areas are divided into 67 distinctive segments based on their socioeconomic and demographic composition, then segments are further classified into LifeMode and Urbanization Groups. Each radius has numerous LifeMode groups for a total of 100%. The detailed information can give Valdese a sense of who its customer is and insight into how to market to and what types of products to possibly add to existing inventory. By diving deeper into each Tapestry Segment’s LifeMode and Urbanization Group there may be an entirely new businesses that could emerge and possibly be a good fit for the community.

The information provided reflects the U.S. characteristics. The table below shows the top three segments for each category with brief descriptions. Detailed descriptions are obtained by going to the raw ESRI data’s Tapestry information and clicking on each segment for the specific drive times. Visit [http://doc.arcgis.com/en/esri-demographics/data/tapestry-segmentation](http://doc.arcgis.com/en/esri-demographics/data/tapestry-segmentation)

</table>
WHO ARE WE?

Well settled and close-knit, Heartland Communities residents are semirural and semiretired. These older householders are primarily homeowners, and many have paid off their mortgages. Their children have moved away, but they have no plans to leave their homes. Their hearts are with the country; they embrace the slower pace of life here but actively participate in outdoor activities and community events. Traditional and patriotic, these residents support their local businesses, always buy American, and favor domestic driving vacations over foreign plane trips.

SOCIOECONOMIC TRAITS

- Retirees in this market depress the average labor force participation rate to less than 60%. More workers are white collar than blue collar; more skilled than unskilled.
- The rural economy of this market provides employment in the manufacturing, construction, utilities, healthcare, and agriculture industries.
- These are budget-savvy consumers; they stick to brands they grew up with and know the price of goods they purchase. Buying American is important.
- Daily life is busy but routine. Working on the weekends is not uncommon.
- Residents trust TV and newspapers more than any other media.
- Skeptical about their financial future, they stick to community banks and low-risk investments.

Midlife Constants

<table>
<thead>
<tr>
<th>Metric</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Households (U.S.)</td>
<td>3,056,400</td>
</tr>
<tr>
<td>Average Household Size</td>

</tr>
<tr>
<td>Median Age</td>
<td>47.0</td>
</tr>
<tr>
<td>Average HH Income</td>
<td>$53,200</td>
</tr>
</tbody>
</table>

WHO ARE WE?

Midlife Constants residents are seniors, at or approaching retirement, with below-average labor force participation and below-average net worth. Although located in predominantly metropolitan areas, they live outside the central cities, in smaller communities. Their lifestyle is more country than urban. They are generous but not spendthrifts.

SOCIOECONOMIC TRAITS

- Education: 63% have a high school diploma or some college.
- At 31%, the labor force participation rate is low in this market.
- Almost 42% of households are receiving Social Security 27% also receive retirement income.
- Traditional, not trendy; opt for convenience and comfort not cutting edge. Technology has its uses, but the bells and whistles are a bother.
- Attentive to price, but not at the expense of quality, they prefer to buy American and natural products.
- Radio and newspapers are the media of choice (after television.)
Southern Satellites
Total Households (U.S.) 3,856,800
Average Household Size 2.67
Median Age 40.3
Average HH Income $47,800

WHO ARE WE?
Southern Satellites is the second largest market found in rural settlements but within metropolitan areas located primarily in the South. This market is typically slightly older, settled married-couple families, who own their homes. Two-thirds of the homes are single-family structures; almost a third are mobile homes. Median household income and home value are below average. Workers are employed in a variety of industries, such as manufacturing, health care, retail trade, and construction, with higher proportions in mining and agriculture than the US. Residents enjoy country living, preferring outdoor activities and DIY home projects.

SOCIOECONOMIC TRAITS
- Education: almost 40% have a high school diploma only; 45% have college education.
- Labor force participation rate is 59.1%, slightly lower than the US.
- These consumers are more concerned about cost rather than quality or brand loyalty.
- They tend to be somewhat late in adapting to technology.
- They obtain a disproportionate amount of their information from TV, compared to other media.
The AARP Livability Index for Downtown Valdese is 50 on a scale ranging from 0 to 100. The higher the score the more livable the community. Valdese ranks average on this scale. It is important to consider the different index categories, such as health, environment, neighborhood, and opportunity to help you determine what needs to be done to improve this score. Some areas of particular interest include:

### Positive

**Walkscore**

Walkscore.com provides a measurement of how walkable and bikeable is a community. Using the 100 Main Street address, Valdese scored a 64 Walkscore meaning that it is somewhat walkable, and some errands can be accomplished by foot.

Valdese’s Bikescore is 39 meaning it is considered somewhat bikeable with minimal bike infrastructure in place.

Visit [www.walkscore.com](http://www.walkscore.com) for more information.
Summary and Recommendations

1. **Retail Gap**
   Significant gaps are seen in furniture, appliances, electronics, home centers, hardware, nursery, garden and farm supply stores, grocery stores, specialty food stores, beer, wine and liquor, cosmetic and beauty stores, clothing, shoes, jewelry, luggage and leather goods, sporting goods, hobby, toy and game stores, bookstores, office and stationary stores, gifts, novelty and souvenir stores, used merchandise, pet and pet supplies, drinking places and full-service restaurants.

2. **Retail Surplus**
   Retail surpluses are seen in paint and wallpaper, pharmacies, department stores and limited-service restaurants.

3. **Intersection of Retail Gaps and Projected Growth**
   Retail recruitment is based on providing evidence of sales potential for a prospective business owner. Those categories that show significant retail potential and projected growth have the highest potential of success. Below are these categories:

<table>
<thead>
<tr>
<th>Category</th>
<th>Retail Gap</th>
<th>Projected Growth (2022-2027)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Furniture</td>
<td>$4,204,851</td>
<td>$344,380</td>
</tr>
<tr>
<td>Electronics</td>
<td>$4,619,165</td>
<td>$389,346</td>
</tr>
<tr>
<td>Home Centers</td>
<td>$11,586,918</td>
<td>$2,118,952</td>
</tr>
<tr>
<td>Hardware</td>
<td>$511,306</td>
<td>$315,153</td>
</tr>
<tr>
<td>Groceries</td>
<td>$3,534,276</td>
<td>$4,956,046</td>
</tr>
<tr>
<td>Beer, Wine, and Liquor</td>
<td>$2,249,064</td>
<td>$462,206</td>
</tr>
<tr>
<td>Full-Service Restaurants</td>
<td>$6,874,477</td>
<td>$1,413,793</td>
</tr>
</tbody>
</table>

4. **Walkability and Bikeability**
   The Valdese Walkscore of 64 is above average. Concerning bikeability, Valdese scores below average. You will want to work with the local NCDOT division to incorporate bike lanes into their streets in downtown as well as those controlled by the Town of Valdese.

   According to a study by real estate advising company Robert Charles Lesser & Co., homebuyers are increasingly looking for green space and trail systems for walking, running, and biking. In fact, green space and trail systems were the No. 1 and No. 2 desirable community features in this referenced article - New Home Source.

   Note that in addition to the walking and biking trail amenities, the #3 amenity that new homeowners want is “Main Street village centers with retail services and cafes for gathering and socializing.”

   Downtown Valdese fits the #3 desired community amenity and will want to see ways to
increase walkability and biking options to meet consumer demands.

5. **Downtown Development Resources**
   Hilary Greenberg of Greenberg Development Services is completing a business recruitment manual for the Main Street and Rural Planning Center. It is recommended to access this document when it is available. Also, former Main Street Manager Diane Young created the Downtown Directors’ Guide to Working with Development Projects--https://www.ncmainstreetandplanning.com/economic-vitality-- an invaluable resource for downtown revitalization. This is also recommended.

There is additional Claritas retail data and the U.S. Census Quickfacts report to support your retail recruitment efforts.

If you have any questions concerning the above information, please contact ARC Community Economic Development Planner Kyle Case at 984-275-5209 or kyle.case@commerce.nc.gov
